Description:

ENEA, member of the Enterprise Europe Network, in partnership with UNIONCAMERE, CETMA, the Technologies, Design and Materials European Research Centre, the First Zero Energy Building Network (Network Edifici a Consumo Zero) and [Energy@Work](#), is pleased to invite you to the International Networking Event on the European Territorial Cooperation Programmes 2014-2020 "IPA ITALY-ALBANIA-MONTENEGRO" and "INTERREG ITALY-CROATIA". The event will take place on Tuesday 14th March 2017 in Brindisi.

The International Networking Event will give to all participants opportunities to meet representatives from Public Authorities, Universities, public and private Research and Technology Organizations or many other private non-profit Organizations, sharing new ideas and concepts with the aim of paving the way for future cooperation within the above mentioned Programmes. Active participation is expected, so the attendance is requested only by eligible partners of the programme (Public Authorities, Bodies governed by public law, non-profit Private Organisations, International organisations).

The participation to this event is free of charge with mandatory registration since the number of participants is limited. Live stream of the event will be available. Please register online by 6 March 2017 at the following link: .....

The event is structured through a common plenary session where an overview of the programmes (Priority Axis, Specific Objectives, Eligible activities) is presented. In the afternoon, parallel thematic sessions will address the main pillars of the programmes with the clear objective to:

- Enable synergies and inspire new cross-border collaborative networks of competences and experiences
- Deliver concrete territorial innovation needs
- Explore new project ideas
- Build new cross-border cooperation partnership
- Give more maturity and competitiveness to the proposed ideas.
